## Using This Guide

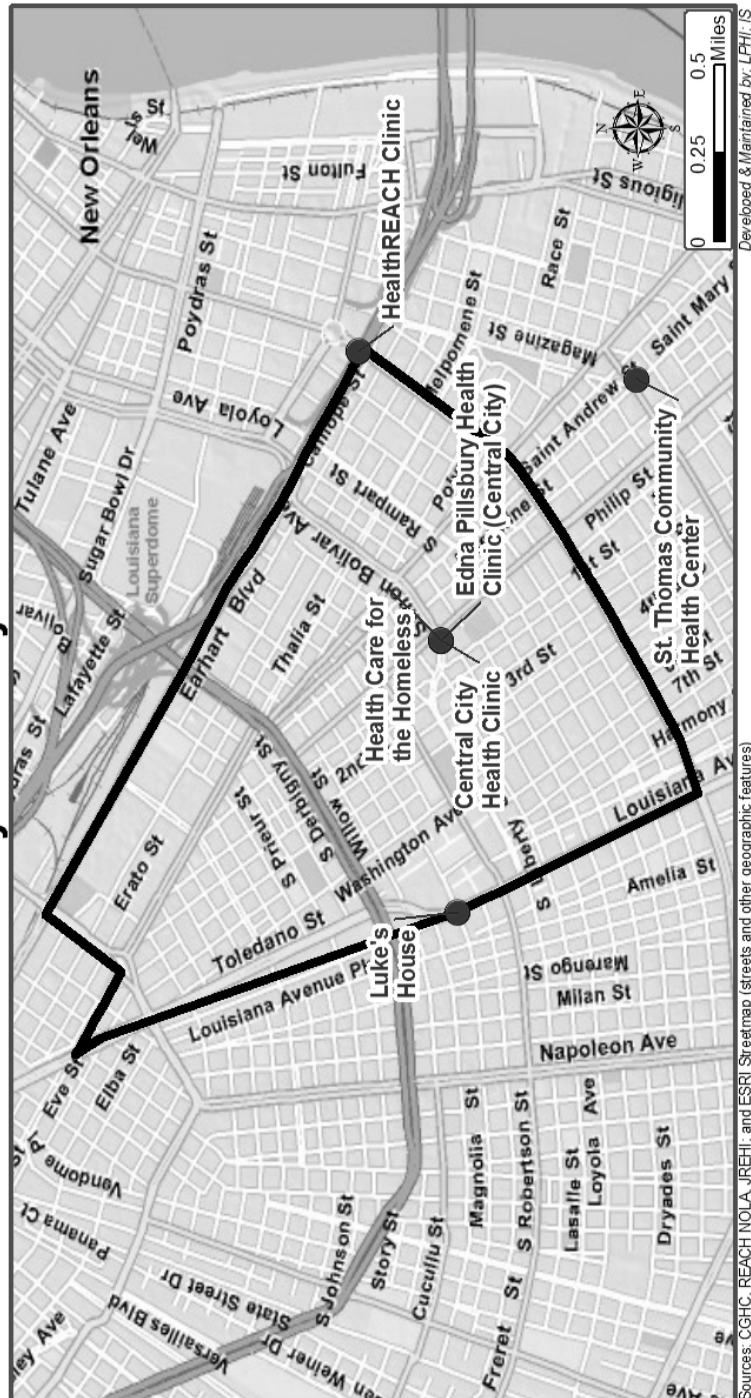

This edition of the resource guide was compiled for use in the Central City community and includes some resources beyond its historic borders. The area covered extends roughly between St. Charles and Broad/Martin Luther King Blvd and Louisiana Ave and US Highway 90/Earhart Blvd. We have also included some listings for statewide & national agencies that assist people in connecting with local services. Out of area listings are marked with an asterisk (\*).

Our intention with our resource guides is to increase public access to services that are free or low-cost. Most agencies that state they have a sliding scale require proof of income (i.e. check stubs, W2 forms, letter from person supporting you and their check stub, etc.). Usually they will require an ID and/or a utility bill to verify your address. If you have a question about costs, services or eligibility, call ahead.
